

ASK CREDIT MEN TO LIMIT TAXES

Resolution to Be Placed Before Convention Seeks Only Income Tax.

(By the Associated Press)
SAN FRANCISCO, June 16.—The National Association of Credit Men will be asked in its annual convention here tomorrow to adopt a resolution placing it on record as opposed to both the excess profits tax and the tax on general sales.
The report to that effect is to be presented by Roy G. Elliott, of Chicago, chairman of the Committee on Federal Taxation. In it the committee demands the repeal of the excess profits tax and declares its opposition to the adoption of any form of general sales or turnover taxes.
In lieu of these taxes, the committee proposed that the Association of Credit Men adopt a resolution reaffirming its belief that income taxation "should be the corner stone of our federal system of taxation."
The committee recommended that the income tax be levied on the income of individuals and not on corporations as such.
If, however, individuals permit their earnings from corporations to accumulate in the hands of the business organizations and thus attempt to evade the individual income tax, the committee recommended that a tax should be imposed on the undistributed earnings of the corporations.
The resolution puts the committee on record as heartily in accord with the recommendations of Secretary of the Treasury Mellon, that the issue of tax-free securities should be restricted.
In support of the resolution, the Committee on Federal Taxation argued that the excess profits tax is discriminatory and harmful to American business and that a sales or turnover tax would be an inequitable tax on business if it could not be shifted. If the business interests were successful in shifting the sales tax entirely on to the consumers, the committee said, this would violate the principle of taxation in accordance with ability to pay.
Illinois Lawmaker Dies After Series of Heart Attacks
(By the Associated Press)
WASHINGTON, June 16.—Representative William Earnest Mason of Illinois died here early today from heart trouble.
Although Representative Mason had been suffering from heart attacks for several days his condition yesterday was reported as showing improvement. Death came entirely unexpectedly after several relapses. The Illinois representative was 71 years old and formerly was a member of the senate.
Was Schoolmaster Once
CHICAGO, June 16.—From school-teacher in a small Iowa town to representative and senator in both state legislature and national congress was the record of William Earnest Mason, who died in Washington today.
He was born in Franklinville, New York, July 7, 1850.
Salesman Killed and Others Hurt as Car Is Dumped
(By the Associated Press)
DALLAS, June 16.—Baker Wiley, traveling salesman of St. Louis, was crushed to death and four persons injured perhaps fatally when the automobile in which they were riding turned over last night on the pike midway between Grand Perry and Arlington. Mrs. Lorraine Craine of Dallas and Thomas Liveley, said to be a merchant of White-wright, are in the city hospital here and will probably not recover from their injuries, according to the physicians. The chauffeur has been arrested and is being held pending an investigation of the accident.
Sells First Wheat
(By the Associated Press)
PONCA CITY, June 16.—The honor of bringing the first 1921 wheat to Ponca City belongs to E. C. Steele, a farmer living about nine miles south of the city. Steele uses a combined harvester thrasher. The first load placed on the market this morning tested 57.
The grain men said the wheat was still some green and as soon as it becomes dry it should test 59 and was a good grade of number two wheat.
Want Lockout Investigated.
(By the Associated Press)
DENVER, Colo., June 16.—The American Federation of Labor today by resolution called on the United States senate to adopt the La Follette bill providing for federal investigation of the nation-wide "lockout" of farmers.

MANY MAY ASSIST IN RELIEF DRIVE

Committees Will Cover City Saturday Raising Funds For Chinese.

Six committees will canvass every house in both the business and residence districts of Ada Saturday morning in the interest of the Chinese Famine Relief Stamp sale. These committees will consist of one from each of the four largest churches of the city, of ten members each, a committee of 50 young women from the East Central Normal, and a committee of 50 local boy scouts.
Names of these committees will be announced tomorrow. The directors for the campaign are Rev. N. P. Patterson, pastor of the First Presbyterian church, and C. E. Cunningham. All committees will meet at the First Christian church Saturday morning at 8:30 under the direction of team leaders to organize for the drive.
All funds collected from the sale of Chinese Relief Stamps will go direct to suffering districts of China, not a cent being spent for salaries or campaign expenses, according to Rev. Patterson. Stamps will be 3 cents each and 50 are in a sheet. Thirty stamps bought will save one life for one month in China, it is said. More than 20,000,000 Chinese in the north seven provinces of China are reported in a state of starvation. The National Chinese Relief Stamp sale in the United States has the endorsement of the American Chamber of Commerce and the local drive has been sanctioned by the Chamber of Commerce, Lions Club, and the Pastors' Alliance.
"Every person saves a life for one month for ninety cents" is the slogan for the Ada campaign Saturday.
Delicate Food Has Strong Appeal for Many Busters Here
What is Ada feeding her scores of "broncho busting" guests here for the big round-up this week?
Local restaurant and hotel proprietors have named a number of things that puncture, who began arriving and registering early this week and increased in numbers as time for the rodeo opened, like to satisfy their appetites.
In general, most of the "boys" fresh out of the saddle and most of them just off the range for a little vacation, eat the things they don't get in the mess halls and around the tables at home. Many of them have lost part of their ravenous appetites while inactive here and have taken kindly to the delicate breakfast foods. Almost without exception, roundup men here like pie and near beer, it is said. Others have taken a fancy to tall ice tea glasses with a lemon slice neatly balanced on the rim, one restaurant worker said.
One "buster" told a hotel keeper that he always had had a weakness for cantaloupes with ice cream in the center and that he expected to get all of this delicacy he wanted while at the roundup. Many of the riders and ropers do not differ in appetites and dress from the ordinary citizen, it is said. Cowmen orders at cafes and restaurants however, almost without exception are bigger and more liberal than other orders.
Clothing store proprietors report large sales of big hats to visiting ranchmen.
Cost of Living Is Reduced for Girls Working in Tulsa
(By the Associated Press)
TULSA, June 16.—The high cost of living for working girls in Tulsa has been solved. Girls who earn even as little as \$12 a week can "get by" under the arrangement made by the Salvation Army to give them room and breakfast and supper for \$6.50 a week.
The girls are being housed in the Salvation Army Boarding Home for girls, opened last week. The home was made possible by the raising of a fund of about \$40,000 last fall for this purpose. Two adjoining houses were purchased and remodelled into the home which has 32 rooms and a capacity capable of accommodating 50 girls.
A canvass of the situation here, made by social workers revealed the fact that many girls in laundries and shops are making only \$12 a week and that many telephone operators get little more than this. The home will be limited to this class of working girls as long as there are applicants for the rooms.
According to Ensign Maja Thell, the Swedish matron the girls can live on very little in the home as they can do their own laundry in the basement and make their own clothes in the sewing room.
Better be safe than sorry. Advertise in the News Want Ad columns. Quite an idea, eh?

THE OUTSTANDING FEATURE OF THE U. S.-MEXICAN TREATY

FOUR ARE KILLED AS TRAIN WRECKS

Many Passengers Are Injured When Bridge Weakens.

(By the Associated Press)
OMAHA, Neb., June 16.—Four persons are known to be killed and 27 injured, a number seriously, when the Chicago and Northwestern passenger train No. 606, Lander, Wyoming to Omaha, was wrecked last night coming over a bridge over Big Cottonwood creek near Whitney, Nebraska.
A newspaper man wired from Crawford, Neb., that a total of 12 had been taken from the wreck. There was no confirmation of this report, however.
The forward sleepers of the train plunged through the bridge after the engine had passed safely, according to the first report. The relief train took the dead and injured to Chadron, a few miles east of the accident, early today, and returned to the wreck to complete the search of the debris for missing passengers.
Conductor Finnekan was among the injured taken to Chadron and the checking of the passengers was impeded. The train left Lander yesterday morning and was due in Omaha early this morning.
Crawford is in the northwest corner of Nebraska and wire communication with the wreck was meager.
Officials of the railroad here refused to give out any information concerning the wreck.
CHICAGO, June 16.—A sudden rise of Big Cottonwood creek three miles east of Whitney, Nebraska, due to a local storm weakened the supports of the Chicago and North western bridge and is responsible for the wreck last night, according to railroad officials today.
The tender, baggage, mail, day coach and one coach plunged into the creek. The engine passed over safely and the sleeping cars remained on the track.
Order Operations to Be Stopped in New Hewitt Field
(By the Associated Press)
OKLAHOMA CITY, June 16.—An order requesting the immediate stoppage of operations in the new Hewitt field in Carter county was issued late yesterday by the state corporation commission. Petition for a shut down in the field was presented to the commission by a group of operators several days ago. Overproduction is assigned as the reason for the order.
Drilling of necessary wells and those required by contract, are specifically excepted. The beginning of new wells and the deepening of old ones is prohibited.
J. H. Hodges In Ada Schools
J. H. Hodges, Principal Ada's New-est School.
"Jim" Hodges is well known to most of the young people of Ada. He is a graduate of the East Central Normal and has served his apprenticeship in the school room. He comes to Ada from a successful career as superintendent of the schools of Sasakwa. His educational and moral qualifications are all that could be desired, and his friends believe he will make himself felt in the school system of this city.
PRICES ON CRUDE ARE GIVEN ANOTHER SLASH
(By the Associated Press)
PITTSBURGH, June 16.—The second reduction in the price of crude oil in a week was announced today by the principal purchasing agents when another cut of 25 cents per barrel on all grades was posted. The following prices are announced: Pennsylvania crude, \$2.50; Cornish, \$1.40; Cabell, \$1.31; Somerset, \$1.10; Somerset light, \$1.30; and Ragland, .75.
Steadily increasing stock was given as the cause of reduction.
TRAINMEN ARE ORDERED TO CARRY HOBOS FREE
(By the Associated Press)
CHEYENNE, Wyo., June 16.—Freight trains of the Union Pacific and the Colorado and Southern out of Cheyenne have been instructed to permit hobos to ride unaccompanied until further orders. It is explained that tramps have become so dangerous that it is thought better to let them ride and avoid trouble.
OKLAHOMA WEATHER
Tonight and Friday partly cloudy.

J. H. Hodges In Ada Schools

J. H. Hodges, Principal Ada's New-est School.

PLANT SUPPLIES LARGE ICE AREA

Reserve of Local Factory Is Sufficient to Help Many Towns of State.

With a wholesale ice business, exclusive of Ada, that amounts to between two and three fourths of its total business and with a wholesale ice cream business over the state that runs four times the amount sold to local dealers, the Ada branch of the Southern Ice and Utilities Company has gone into one of the biggest eras of its development, Manager Roy Givens believes.
Although the local business has increased to rapid proportions in the last few years, the wholesale end of the factory's output has by far outstripped it, Givens declares. With its storage full of ice and all manufacturing machinery capable of the maximum production the plant easily can take care of both its local demand and the immense district sales to other towns of this part of the state, Givens believes. Manufacturing machinery at the plant is running only about half the time now because of the fact that weather conditions have materially cut the consumption of ice practically all over the state, it is said.
The Ada plant has the biggest wholesale ice cream business south of Oklahoma and Shawnee, Manager Givens believes. It sells ice cream continuously as far south as Clarita and Atoka, north to Maud and Wetumka, west to Blanchard. It supplies with wholesale ice, a district extending to Byars on the west, Centrahoma on the south, and Konawa on the north.
In the hottest months of the summer when many other local plants in the state are crowded to the limit to supply their domestic demand for ice, the Ada plant still has a reserve for wholesale trade, Givens says.
"I never saw a prettier reserve of ice in my life than the one we have now," he declared. "With conditions as they are now we could run for weeks with our ice manufacturing machinery still."
Givens has been connected with the Southern Ice and Utilities company for nine years during which time he has been manager of a number of different plants. He came to Ada as manager of the local plant four years before the war and after the war he was with the company's plants at Sapulpa and Terrell, Tex. Last November he came back to his old position in this city.
"General business conditions look better to me now than I thought three months ago that they could be at this time," Givens said. "Our business, however, is no index to general economic conditions. It depends most of all on the weather and only secondarily on the status of the financial trend of the time."

NEW FACULTY IS ANNOUNCED HERE

Linscheid's Appointments Are Approved With no Question from Board.

An official announcement of members who will compose the faculty of East Central State Normal next fall was made public today by Dr. A. Linscheid, president of the school, who has just returned from Oklahoma City where he attended a meeting of the State Board of Education.
Dr. Linscheid stated today that consideration of the board toward the Normal here was favorable as could be asked. Every teacher appointed or re-appointed was at his personal request. No controversy arose over the action on any teacher from this school and appointments were made with the unanimous consent of every member of the board.
The Faculty Complete
Following is the list of teachers who will compose the regular Normal faculty for next year: Dr. A. Linscheid, president; Miss Kate Knight, mathematics; Miss Irma Spriggs, English; E. C. Wilson, librarian and history; Miss Alice Francisco, home economics; Miss Emma Keller, public school music; E. A. MacMillan, professor of biology; M. B. Molloy, professor of English; Miss Emma McClure, Latin and French; B. A. Pratt, professor of agriculture; R. R. Robinson, training school director and head of education department; R. S. Newcomb, professor of mathematics; Miss Gertrude Montgomery, to succeed Miss Gable as critic supervisor for intermediate grades; Miss Anna Weaver Jones, physical training for women; Hugh Norris, manual training; Miss Alberta Carney, adviser of women and English instructor; E. H. Nelson, psychology; Edward Davis, professor of history; Miss Ida Hoover, public school art; Miss Reed Loving Watt, English; Mrs. Ruth S. Carter, registrar and penmanship; Miss Willetta Kittel, teacher of piano; Miss Mattie Lyday, critic supervisor of primary grades and Miss Mary Cunningham, secretary to president.
No action was taken on the matter of securing a man to fill the vacancy of W. N. Clary, who recently resigned his position as physical science and athletics instructor. There is no doubt that a man will be secured in the near future for this position, according to Dr. Linscheid. He has a man in view who will be both competent and well adapted for this place, he says.
Will Get Violinist
A competent violin instructor will be secured to teach those who care to take the work next year. Several applications are now under consideration. It will be some time before any definite action will be taken on the matter of selecting an instructor, but the school is eager to get one of the best violin instructors to be had.
To Entertain Students
The summer faculty of the Normal is planning a student mixer for next Monday or Tuesday. No definite plans have been made yet, but if the weather is favorable it will probably be a campus celebration. The faculty has a reputation of making entertainments well worth attending and always succeeded in their undertakings.
Supt. A. P. Lever of Coalgate will arrive in the city the last of the week to assist in the summer Normal. It was found necessary to add more special instructors to the summer faculty to care for the large enrollment. No announcement was made as to what classes Mr. Lever would have charge of.
Lions To Entertain
The annual entertainment of the Ada Lions club in honor of the special faculty for the Normal will be held in the Normal cafeteria this evening at which time a very appropriate program and banquet will be enjoyed by those who are present.
It is quite likely that Hon. P. P. Claxton, who for the past 12 years was federal commissioner of education, will be here the last week in June. He will address the student body of the Normal if he comes to this city.
National Guards in Review Today When Robertson Inspects
(By the Associated Press)
LAWTON, June 16.—The program was completed today at Fort Sill near here for a review at 4 p. m. of the Oklahoma national guardsmen by Governor J. B. A. Robertson and General Joseph Dittman of Fort Sam Houston, commander of the eighth army corps area. A reception for the governor and general is planned which includes speeches and the affair is expected to be elaborate.
Attorney-General Barrett will be in charge of maneuvers. The review will be held on the parade grounds west of the camp. Horse artillery, motorized artillery, and infantry are to take part.

FIFTY TO APPEAR IN ELK MINSTREL

Rehearsals for Entertainment Here June 29-30 Held Daily.

Fifty persons of Ada will appear in an Elk Minstrel to be given under the auspices of the local lodge for the benefit of the Elks' Charity Fund, June 29 and 30, in the East Central State Normal auditorium.
Harry Ennis, director, arrived in the city this week from his headquarters in Los Angeles, Calif., to take charge of preparations for the performances and daily rehearsals are being held under this supervision. This will be the first entertainment of its kind to be given by the local Elks for some time and is expected to be one of the biggest home talent dramatic events of the season.
First rehearsal for the performance was held in the Elks hall last night with a full-attendance of cast members. Work of training for the show will go forward rapidly, practices being held every night and many in the day time, according to Mr. Ennis, who believes the outlook good for a well prepared show which will appeal to the community. Special music for the entertainment is being arranged, some of which will be furnished by the department of music at the East Central Normal.
The minstrel proper will be divided into two sections. The first will be a black face comedy to last about 45 minutes, according to Ennis, and the last will be made up of specialties taken from such productions as the "Three Twins," "The Merry Widow," and others. The show will be a "Cabaret Minstrel" with waltzes as end menettling stories and jokes. This is a new thing in the minstrel line and will be used at this performance for the first time in this section of the country, it is said. Ennis carries his own wardrobe, scenery, electrical effects and color wheels.
Teacher's Salary Can't Keep Pace With Her Expense
(By the Associated Press)
OKLAHOMA CITY, June 16.—While the cost of living has advanced 100 per cent in the last 10 years, salaries of teachers in the public schools of Oklahoma have increased only 61 per cent, it was estimated today by R. H. Wilson, state superintendent of public instruction. Teacher's salaries, however, are not dropping this year with the retrograde movement of living costs, he added, so that school positions are more attractive than at any time in the last four years.
"For the first time since we established the teachers' employment bureau in my office three years ago," Mr. Wilson said, "we have more applications for jobs than we have jobs to fill. It is a better class of teachers, too, that is applying for places. Many of those who quit teaching during the war period, for higher salaried jobs are drifting back."
District school boards are acting more slowly, Mr. Wilson said, in employing teachers for the next school year, realizing that they won't have to act promptly to fill vacancies and believing that, by waiting, they may secure more satisfactory instructors.
Bankers Expected to Furnish Loans to Cattle Section
(By the Associated Press)
WASHINGTON, June 16.—Arrangements under which eastern and western bankers will provide \$500,000,000 fund for loans to cattle raisers probably will be completed within the next two days, Secretary Mellon said today. The western bankers agreed at a meeting at Chicago yesterday to provide \$250,000,000 of the fund, and the eastern bankers will furnish the other half.
A committee of bankers will administer the fund and advance will be made probably from three banks in the cattle raising section. With the completion of the pooling arrangements, Mr. Mellon said, the government internal reserve relation measures will cease.
GATHERING MINERS SENT HOME BY MINE OFFICERS
(By the Associated Press)
CHARLESTON, W. Va., June 16.—Miners reported last night as concentrating in a number of places in the Kanawha coal field preparatory to marching to the aid of the miners in Mingo county, have been sent to their homes by officials of the United States Workers of America, Charles Keeney, president of district 17, announced today.
You will save money by reading the ada.

news of American Legion

Legislature Fails Legion.

As a result of the failure of the state legislature to validate the American Legion hospital bills thru the summary adjournment of the house of representatives the Legion may decide to initiate the measures by the circulation of petitions throughout the state, according to H. B. Fell, state commander.

All of the bills introduced by the Legion had been passed by both houses but none finally signed and transmitted to the governor when the legislature adjourned. Had the session lasted three hours longer giving the enrolling clerks time to copy the bills for final signature by the speaker of the house and president of the senate they would have become laws.

The Legion program included an appropriation of \$800,000 for a general hospital which the house had cut to \$500,000. It provided an appropriation of \$439,000 for a tubercular sanatorium at Sulphur and for 100 emergency beds at the University hospital. A measure asking \$30,000 for the relief of sick and disabled soldiers and their wives, widows and minor children was also lost through adjournment.

If the governor calls a special session the bills will again be introduced. But if the appropriation bills are the same steps and ask the people of the state to vote for hospitals for the war veterans who are dying in the state without care.

Legion Baseball League.

Plans for the American Legion baseball league of Oklahoma were perfected at a meeting of the state executive committee at Oklahoma City held last Saturday. The plans contemplate the formation of a league divided into three sections in each of the eight Legion districts in the state.

A state athletic commissioner is to be appointed by H. B. Fell of Ardmore, state commander, who with the league leader in each of the eight districts will comprise the state athletic commission.

It is expected that 200 teams will be entered in the eight leagues to battle for the state title and the prize which is to be offered by the commission. District eliminations will be held in the early part of the season. In the early part of September leaders in the districts and west side will play series. On September 26 the championship east side team will play the championship west side team before the state convention at Enid for the state pennant.

Posts desiring to enter teams in the league should write to state headquarters at once.

Bartlesville post No. 105 staged an athletic carnival in a huge tent in the city park last Friday. Boxing, wrestling and other athletic contests were held.

Waynoka post No. 106 has purchased an \$800 piano as part of the furnishing of its new home. The post has leased a hall for club rooms.

Sixty members were added to the rolls of Arch Lovall post No. 185 of Beggs in a recent campaign for members. The post has organized a baseball team to enter in the state Legion league.

Woodward post No. 19 is planning a "Father and Son" meeting in the near future. Every member of the Legion is expected to bring his father to the meeting for a smoke and discussion of work which the Legion expects to do for the city.

Post Bernard Gill No. 16 of Shawnee, forced a lawyer in that city to return \$847 to a disabled soldier recently. The soldier obtained \$1,847 from the government for back compensation and the attorney demanded the add amount for his services in writing several letters to the Bureau of War Risk Insurance at Washington. He returned his exorbitant fee when the Legion post sent a committee to call on him.

"The American Legion has never taken a cent for perfecting claims against the government," Earl Morford, post adjutant, said in a discussion of the case. "It is glad to do the work for any man whether he is a member of the Legion or not."

STATE NEWS

PAWHUSKA—The March quarterly payment of the Osage Indians has been delayed more than a week because of the new regulations embraced in the Osage bill, just passed by congress. Approximately \$2,900,000 is involved.

MUSKOGEE—Two hundred and eighty-eight criminal cases were on the docket of the federal grand jury which convened here this week. Many are malt seizure cases.

HENRYETTA—A two-story building has been donated the Salvation Army of Henryetta, to serve as a home for its use. A lot will also be donated upon which the building will be erected.

A movement looking toward the consolidation of schools in Carter county has been started by Kate Zanies, superintendent of county schools.

MUSKOGEE—Ceremonies conducted by the American Legion on Memorial Day will feature American Legion day in Muskogee, according to plans already under way.

BARTLESVILLE—Smelters in this vicinity, closed for many

months, will not open before the first of next year, C. E. Hayser, manager of a large company, told merchants at a luncheon here.

FREDERICK—What cotton remains for picking will be done within the next two weeks, according to prominent cotton authorities of this district. Low prices will cause thousands of pounds to remain in the field, they say.

SHAWNEE—The city's fire loss from April 1, 1920, to April 1, 1921 was \$3,021, as compared with \$39,293.47 for the same period two years ago, it is announced.

VINITA—With a total of 86 votes registered in Craig county school survey. Sequoyah district school ranked as one of the four "superior" schools of the county.

TULSA—Baptist leaders in eastern Oklahoma have advanced a campaign to build a \$500,000 hospital, to be located here. Consideration of plans is now being made by several clergymen.

BARTLESVILLE—The wheat crop in Washington county is infested with orange rust and the green and chinch bugs. County

Agent Porter announces.

TULSA—The "Tulsa Boosters' Corporation" is the name of the organization made up of members of the Tulsa Real Estate exchange, recently organized. The purpose of the club is to promote the best interests of the city.

McALESTER—Contract for a new bridge estimated to cost between \$30,000 and \$40,000 to span Gaines

creek near Canadian on the Jefferson highway, has been let.

MIAMI—A suit for \$125,000 alimony has been brought in the Ottawa county district court by Mrs. Josie Harrison, a mixed Cherokee. She claims a part of revenue coming from oil located on an Indian tract of her husband.

BARTLESVILLE—A co-operative

sales plan to be conducted by merchants of Bartlesville April 20, has been adopted. A committee has been appointed to make arrangements.

CUSHING—The Cushing Community chorus has been perfected. One of its announced purposes is to sing at various functions and conduct concerts of its own.

Ambassador Harvey seems to have heard from Washington no cries of "Go on; go on!"

Republican politicians are predicting that the South will be made solidly Republican. And the North solidly Democratic?

The English may have better golfers and tennis players than we have, but they lack the nerve to challenge us at pitching horseshoes.

By the Republican National Committee reducing southern representation in the national conventions it expects to save the price of a lot of free rides.

With all the simpleness in congress over how to get the dove of peace back on the perch again, how does it come no one has proposed putting salt on its tail?

One congressman doesn't want the Dempsey-Carpentier fight permitted until those of our country who served in France have been paid, but Dempsey's interest in that is only half way.

TESTS OF CHARACTER

The head of a surety company some days ago expressed the conviction as a result of his observation that married men, fat men and profane offer the best risks in his business. There may be a valid reason why married men would be deterred from violating a trust even though under other circumstances they might not refrain. Family disgrace and the pain that would be inflicted on innocent persons through the husbands' crimes might operate to keep them in the straight path, though there might be just as powerful a reason for the unmarried man with parents and brothers and sisters to avoid speculation.

It may be that fat men are disposed toward good nature and that an easy-going man is not tempted to go wrong because it would involve too much trouble. Profanity by some one has been defined as due to a limited vocabulary. Because one is unable to command approved words of sufficient strength to express his feeling he interlards his remarks with profanity on the principle that the statement is thereby strengthened. But why should one with a limited command of language be a better risk than one who uses good English and is able to express his thoughts without the use of profanity?

If observation supports the view expressed by the surety company official it is coincidence rather than cause and effect. One's reliability certainly depends on one's principles rather than on one's marital state, corpulence or manner of speech. It is the inner man, the part of the man that cannot be seen, that determines one's trustworthiness. It may be revealed partly by one's language, it may show in his countenance, his family relations may offer some proof, but were one to rely solely on one being married, fat and profane a long chance would be taken.

Integrity is a quality that cannot be determined by surface indications. It has to be determined in living. The honest man may meet all three of the superficial conditions laid down, but he is honest not because of them but because he is right.

THE PHILIPPINES

Nations, from one point of view, are simply business concerns operating in the interest of their citizens. The Philippine Archipelago, with its thousands and more scattered islands, lies "at the cross-roads of the greatest trade routes of the future." Now that the United States has given substantial evidence of its benevolent intention toward the Philippines, it is timely and logical to consider the islands from the business angle, in the interests of both peoples.

It is a startling fact, but true, that of the tropical domains of the Earth European powers own 59 per cent; some 20 per cent are independent, and the United States owns less than one per cent. One item can be cited to show the significance of this. Rubber enters largely into our commercial life, the United States consuming about 75 per cent of the world's production, but controlling less than 5 per cent of the sources of supply. Great Britain controls 80 per cent of the plantation output of rubber, and 68 per cent of the total production of the world.

The Philippine Archipelago has been pronounced the richest and most favored group of tropical islands in the world. While the Dutch were developing Java and their other East Indies for mutual profit to inhabitants and colonizers, the Philippines slept under the lazy rule of Spain.

The United States has not yet done very much toward the development of the natural resources of the Philippines, for, properly enough, the first efforts of this country were to raise the standard of living of the inhabitants and place the population on a happy, healthful social basis.

It does not need any emphasis to point out the magnificent opportunities in the Philippines, fronting directly on the mainland of Asia, and quite capable of sharing in the commercial possibilities of that great territory.

The Evening News

Comments given below do not of necessity reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

Jazz Goes Out.

McAlester News-Capital: Jazz has lost its popularity and its sway will soon be at an end. This is the good news that comes from the convention of the Sheet Music Dealers' Association in Chicago. The old melodies, stirring military marches and a few new sentimental lyrics are the best sellers in America today, the dealers report.

It was a foregone conclusion that jazz would not last. It lacked the foundation necessary for stability. To call it music was a misnomer. It could be described only a rhythmic noise, comparable in some respects to the sounds produced by savages at their dances and religious ceremonies, but lacking the dignity which may be found even in the beating of tom toms.

The craze which Americans suddenly developed for dancing and singing to the noise of cowboys, sandpaper, police whistles, automobile horns and the other instruments which played so prominent a part in the jazz orchestra is one of those mysteries of modern civilization which must ever remain inexplicable to the music lover, although psychologists may be able to offer an explanation. The tenseness of modern life, one conjectures, got on the nerves of the people and they sought relief by breaking loose from restraint. Something of the same sort has occurred in the other arts; in painting we find the nightmares known as neo-impressionism, cubism and futurism; in poetry the insane ravings put out as verse. They too, will pass, as jazz is passing.

Jazz was doomed because it rested on no orderly basis. It was so monstrous that it could not be written. "Sneer" was the technical term used by jazz performers to describe their method of working. Jazz exhausted the possibilities of noise, and there is nothing left but to return to melody and harmony. They are eternal, and are adequate to supply the music craving of all normal minds. Syncopation will continue to have a place in music, but the distortion called jazz is doomed.

"We Must Educate Those of Tomorrow."

Fort Worth Record: Alcohol, one of the most redoubtable scourges of society, often the origin of all other social afflictions, must be hunted down, erased and suppressed. Minister of Hygiene Leredu of France. He said more than this. "Liquor detracts from not only the physical, moral and social value of the individual, but from the prosperity, grandeur and security of the nation. Therefore it is desirable to condemn the use of distilled liquors and limit the consumption of fermented products. Alcohol is a marvelous agent for light and force. But let us fill our lamps, our automobile tanks and steam boilers; not pour it into our stomachs. It is not sufficient to evangelize the men of today. We must show the benefits of sobriety in contrast to the consequences of intemperance. From the child we must make the adolescent hostile to all dissoluteness. We must arm the man against all vices that are enfeebling, degrading, killing the individual and impoverishing society. As this is the work of the national league against alcoholism, I do not know how to over-felicitate your organization." Coming from a member of the French government this declaration should prove very interesting to the Hon. Milton Everett, head of the Texas organization against prohibition.

Notice of the Public Sale of Oil and Gas Lease on Certain Public Lands of the State of Oklahoma.

The commissioners of the land office of the State of Oklahoma, will receive sealed bids for the leasing of the hereinafter described tracts of the public, state and school lands of the State of Oklahoma for oil and gas purposes. All leases will be made upon bids to be opened at the office of the Secretary to the Commissioners of the land office, Oklahoma City, Oklahoma, at the hour of 2 o'clock p. m. on July 19, 1921, and said leases will be sold and such sales be made in accordance with the terms and conditions as hereinafter set out.

Each of said tracts will be leased separately to the highest and best bidder.

Each bid shall be accompanied by a certified check or bank draft in the amount of One Thousand (\$1000.00) Dollars payable to the commissioners of the land office, as a deposit of earnest money to insure the execution of the lease by the bidder and the furnishing of the bond as required by law. Provided, that one deposit in the said amount of One Thousand (\$1000.00) Dollars, shall entitle the bidder to bid on one or all of the said tracts. Said sum of One Thousand (\$1,000.00) Dollars, deposited by any bidder as earnest money in compliance with this requirement shall be returned to said bidder if the bid of such bidder is not accepted by the commissioners of the land office.

Bids upon oil and gas leases up-

**FEDERATION WANTS PROBE
OF SOUTH'S COTTON MILLS**

(By the Associated Press)
DENVER, June 16.—The Ameri-
can Federation of Labor conven-
tion adopted a resolution calling
for a congressional investigation
into conditions in the cotton mills
of the south to apply especially to
the union textile workers now on
strike of more than 15,000 in these
mills.

The shipping strike resolution in-
troduced by the international sea-
men union declared that "combina-
tion of European and American
ship owners aided by the U. S.
shipping board, have up to this mo-
ment been busy thwarting the
American people in their legitimate
desires and purpose of taking part
in the overseas commerce and in
building for America a sea power
corresponding to the American sea-
board."

**GOVERNOR WILL VISIT
NATION GUARD CAMP**

OKLAHOMA CITY, June 16.—
Gov. J. B. A. Robertson was to
leave the capital Thursday morn-
ing, June 16, for Fort Sill, to visit
the Oklahoma National Guard, in
annual encampment there, accord-
ing to an announcement at his of-
fice the forepart of this week. It is
planned that the state troops shall
be reviewed by the executive Thurs-
day afternoon.

dicts.—Cartoons Magazine.

IN SOCIETY

Swimming Party
Miss Elizabeth Wimbish enter-
tained a number of friends with a
swimming party Wednesday after-
noon at the Glenwood Park, in
honor of Misses Louise and Kath-
erine Ratliff of Oklahoma City.

After an hour of swimming and
playing, supper was served picnic
style. The invited guests were:
Misses Virginia Webb, Justine Bol-
ton, Mary Francis Gardner, Ellen
Barney, Lady Percy Shaw, Nell
Chapman and the honorees, Louise
and Katherine Ratliff of Oklahoma
City. Mr. and Mrs. Wimbish chap-
eroned the party.

Misses Alice and Nellie Hawley
of Tupelo, who have been in the
city visiting Mrs. R. E. Fowler for
the past few days, returned to their
home this week.

Oather Van Meter, who has
been attending the Southern Meth-
odist University at Dallas, returned
to his home in Ada last night to
spend the summer vacation. He was
formerly connected with the editor-
ial staff of the News.

Mrs. Dr. L. Gaddy and son, Ed-
win, of Stratford, have returned
home after visiting at the home of
Mr. and Mrs. E. A. Abney of East
Eighth street.

Mrs. Dorothy Ingram, who has
been visiting her aunt, Mrs. J. T.
Brents, for the past week, left to-
day for her home in Springfield,
Mo. She will stop in Tulsa on her
return home for a short visit with
a sister and brother.

Announcement
Announcement was received in
Ada today of the engagement of
Miss Gladys Ridling, formerly of
this city but now of Hugo, to Jack
Dodd Jr., of that place. The wed-
ding will take place June 22 here.
The engagement was announced
at a meeting of the Saturday
Bridge club last week in Hugo.
Miss Ridling is a niece of J. A.
Ridling of Ada.

FIGHT ON TYPHOID IS RESUMED IN EARNEST

OKLAHOMA CITY, June 16.—
The state board of health is resu-
ming its campaign against typhoid
in Oklahoma, according to announce-
ment here today of Dr. A. R. Lewis,
commissioner. Free clinics already
been held in Washita and
Grady counties; similar work will
be done in Woods county during
the week beginning June 20, and
beginning July 1, clinics will be
held simultaneously in Jefferson,
Carter and Stephens counties.

Instruction in methods of pre-
vention and the administration of
anti-typhoid vaccine are the fea-
tures of these free clinics, Dr. Lew-
is said. Last year 100,000 persons
in Oklahoma were vaccinated with
anti-typhus serum. Dr. Lewis ex-
pects to add 50,000 or 75,000 more
this year.

As a result of the campaign, Dr.
Lewis says the death rate from ty-
phoid fever in Oklahoma is 33 1-3
percent lower than it was three
years ago. Dr. Lewis expects to re-
duce the percentage to 10 per 100,
000 this year.

Probe Finding of 500 Machine Guns on Outgoing Ship

(By the Associated Press)
NEW YORK, June 16.—Investi-
gation was under way today to de-
termine how and why more than
500 modern machine guns and hun-
dreds of spare parts were placed on
board the steamer Eastside while it
her pier in Hoboken awaiting de-
parture for an Irish port.

The arms were seized by United
States customs officials and govern-
ment agents believe they were des-
tined for Ireland. They were sub-
sequently taken from the customs
officials by Hoboken police acting
under a search and seizure warrant
sworn by Frank Williams, who said
the guns had been stolen from him.
Investigators will also turn their
activities toward Williams in an
effort to determine how he came
into possession of the arms.

Holt Asks to Hear Harding's Outline For League Issues

(By the Associated Press)
NEW YORK, June 16.—Hamilton
Holt, magazine writer, who headed
the delegation of pro-league republi-
cans that called on former Presi-
dent Wilson during the last presi-
dential campaign, today made pub-
lic a letter he had written to Presi-
dent Harding asking him to ex-
plain to the American people the
terms of his association to sup-
plant Wilson's league of nations.
If Mr. Harding has no plan, he
said, "there is nothing left for the
league forces but to 'organize the
country so as to capture congress
for the league in 1922 and the
president in 1924.'"

Harvey Luther is reported to be
suffering from injuries received
Wednesday when his car acciden-
tally hit another. Neither driver was
to blame for the accident, according
to those who saw the collision. It
is expected that Mr. Luther will im-
prove rapidly.

Throngs Witness First Thrills of Cowpunchers' Show

Crowds of spectators flocked to
the city ball park at 2 o'clock this
afternoon to witness the opening
of Ada's big roundup.
Events of the cowpunchers' festival
opened early with scores of cow-
boys and cowgirls entered for the
prizes in the various contests. The
parade was held at 1 p. m. and
the roping contest, which will be
the first event each day, began
shortly after.

Many out of town visitors saw
the first day's entertainment and
all indications point to a much
larger attendance Friday and Sat-
urday. Roping, riding and steer
bulldozing will be main events
each day. All stores will be closed
Friday afternoon to give employes
a chance to attend the roundup.

The 'steers, wild broncho and
bucking horses were all on the
grounds this afternoon. All entries
were made at the Chamber of Com-
merce building yesterday after-
noon and final arrangements were
made today. Preparations for the
big attendances each day have been
made. All precautions have been
taken to guard against accidents
and the arena has been fenced with
wire to prevent wild horses or steers
from breaking out. Music for the
parade was furnished by the high
school band.

To Apply Espionage to Seizure of Arms Leaving N. Y. Port

(By the Associated Press)
NEW YORK, June 16.—The fed-
eral espionage act of 1917, authoriz-
ing the seizure and confiscation of
arms and munitions intended for
illegal exports, will be applied to
the machine gun seizure by customs
officials on the steamer East Side,
believed to have been destined for
Ireland. The shipment is now being
held by the Hoboken police on a
search warrant.

This was made known today when
attorneys representing the govern-
ment appeared in the recorder's
court in Hoboken for hearing. The
proceedings will be delayed, how-
ever, until later in the day to per-
mit the attorneys to determine
whether the act has been repealed
in whole or in part.

HARDWARE MEN TO TRY TO ADVANCE STANDARDS

(By the Associated Press)
LOUISVILLE, Ky., June 16.—Adoption of a program definitely establishing higher standards of retail hardware merchandising is the announced goal of the National Retail Hardware association to be in annual session here the week of June 20.

Questions looking to more efficient hardware retailing will be the chief consideration of the delegates. Among the speakers will be men of prominence in business and government, although for the most part the program will consist of discussions of vital subjects.

The business of the convention will be conducted Thursday and Friday will be given over to a trip to Mammoth cave.

News want ads get results.

BUILDING BRIDGE MAY BE FIRST OF THEIR NEW TASKS

Mapping out a program of constructive work for the year, one of the biggest items of which doubtless will be the construction of a high-water bridge north of Ada over the Canadian river near Byng, will be the task that confronts new county commissioners when they go into office the first Monday in July.

The first meeting, which will be a joint session with the retiring county commissioners, will officially open the new fiscal year for the county. New commissioners who will shoulder the big tasks of next year are J. I. Laughlin, Ada, H. C. Stephens, Oakman, and W. H. Brents, Hickory. Unless a special emergency arises, the old board of county commissioners will not meet again until their final session with the new members.

The first meeting of the year will be held in the county clerk's office.

KIWANIS CLUB TO HOLD CONVENTION AT CLEVELAND

(By the Associated Press)
CLEVELAND, Ohio, June 16.—Cleveland is prepared for the reception of the Sixth International Kiwanis Club convention, which is expected to be the biggest gathering of business and professional men ever held in this city. The convention will be held the week of June 20. Eight thousand delegates and visitors are expected. They will come from 500 clubs, located in as many cities of the United States and Canada.

When you think of bathing, think of Rollow Hardware Co. We have the Bathing Suits and Caps of all sizes and colors. 6-15-4t

Hold Indian Land Sale.

(By the Associated Press)
PAWHUSKA, June 16.—Approximately 10,000 acres of Osage Indian lands today were being offered to the public, at a sale conducted by officials of the Indian agency.

The land includes thirteen quarter section leases near the Hickman-Carter pools in western Osage county, lying between Kaw City and Burbank.

The auction will continue until all lands for sale are disposed of.

NEW RIDING HABIT OF COVERT CLOTH

Tan covert cloth makes this nobly riding suit. A fancy tan and brown barred vest gives a bright touch to the whole. The rough straw sailor and the silk shirt complete the costume.

REFINERY TO BE TAKEN OVER BY STANDARD OIL.

(By the Associated Press)
CHICAGO, June 16.—Plans for taking over the Midwest Refining Company by the Standard Oil Company of Indiana was announced here today. The Midwest stockholders were notified of an offer to exchange Standard Oil stock for Midwest.

Lakes Filled With Fish.

OKLAHOMA CITY, June 16.—Isaak Waltons and prospective Isaaks attention! The state game and fish bureau announces that up to the present time this year 525,000 fish, hatched at the state fisheries, have been placed in lakes and streams within the state.

Most of this supply was game fish.

LABOR PLENTIFUL TO FILL DEMANDS OF WHEAT FIELDS

WASHINGTON, June 16.—Advices received by the Department of Agriculture from its agents in the fields indicate that there will be no general shortage of labor, for the wheat harvest, and that in some areas there will be a decided surplus.

In Kansas, where the harvest begins June 15 in the southern tier of counties, the supply of labor is already in excess of the demand. In that state wages for shockers do not run over \$3 a day with board and lodging.

In Texas, where harvest is already in progress, there seems to be labor enough to meet all demands, with the possible exception of the "Panhandle" district. In Texas harvest wages run from \$2 to \$2.50 a day.

In the northern wheat states the situation has not yet developed sufficiently to make possible reliable estimates as to demands for outside labor, but it seems probable that the labor market will be comparatively easy in most localities, with the prevailing wage not over \$3 a day.

Minstrel Show Will Be Stage for High School Athletics

"The Sunflower Minstrels," said to be one of the best and most comical amateur minstrel shows that has been produced here will be staged in this city early in July, according to an announcement by those in charge. The show will be entirely of local talent.

For several months, practice on the minstrel has been going on and the date for showing has been set several times, only to be postponed on account of conflicting dates. The High School Athletic association, for whose benefit the show will be given, is directing the play. Prof. A. L. Pentem of the High school will have charge.

Packers Played in Speech by Senator Capper of Kansas

(By the Associated Press)
WASHINGTON, June 16.—Profiteering on the part of the packers of the nation were brought in charges by Senator Capper, republican of Kansas, in a speech at the last night session of the senate during consideration of the Packer regulating bill. A vote on the bill will be reached date today.

"Out on the farms the prices of wheat is back almost to pre-war levels, but the five-cent loaf of pre-war time is only a memory," the senator declared.

Alleged Murderer Leaves Barricaded House in Darkness

(By the Associated Press)
FRANKFORT, Ky., June 16.—John Fallis, Frankfort grocer, who last night shot six persons while resisting arrest for interfering in an altercation between the police and Fallis' son, escaped during the night from the combined grocery store and dwelling where he was believed to have barricaded himself.

Early today Sheriff Bain Moore and a large number of deputies who had guarded the place through the night riddled the house with bullets. When there was no reply they learned that the man had fled. Bullets ignited matches and the building was destroyed.

Vocal Studio

A New York voice teacher, conceded to be the best in the United States and the peer of any European teacher once said to me personally that it would be a pleasure to receive my pupils, because of my up-to-date common-sense methods and because I was a thorough instructor in piano. Reputable teachers of singing the world over insist upon a course in piano preparatory to the serious study of violin.

I have the endorsement and the hearty co-operation of the best teachers in the musical centers of Oklahoma, they taking my pupils forward without any change whatever. The names of these teachers will be furnished upon request.

I have had the best instruction this country affords, my work having been entirely with artist teachers. My studio in the Business College will be open all summer. Phones 233 and 555. Mrs. Cora R. MacMillan, teacher of Voice, Piano and Theory. 6-16-1*

RICKARDS IS APPROVED AS CHIEF FOR MILITIA

(By the Associated Press)
WASHINGTON, June 16.—Confirmation of the nomination of Col. George C. Rickards of Pennsylvania to be chief of the militia bureau of the war department was recommended today by the senate military committee after Secretary Weeks had testified that the officer had been selected because of what he and the president regarded as his superior qualifications over those of the other candidates.

Convicts Rank High For Mental Ability Noted Doctor States

(By the Associated Press)
CLEVELAND, Ohio, June 16.—Convicts in penitentiaries show a higher average of intelligence than the general population, Dr. Herman Adler of the Cleveland Foundation Justice Survey, told members of the Cleveland Academy of Medicine at a recent meeting.

Repeaters, men returned to the penitentiary time after time, show a higher average intelligence than those who learn their lessons the first time, Dr. Adler said.

Criminals who are caught and convicted are not necessarily those least intelligent, but those with an antagonizing personality, Dr. Adler explained. An engaging personality is the most frequent cause of miscarriages of justice, he added.

Ten million people in the United States are classed as feeble minded, that is, they would be confined if brought into court or a mental clinic, he said.

These conclusions were derived from a tabulation of mental tests of 1,700,000 men in the draft army, and 1,000 convicts in the Illinois state penitentiary. The tests in turn were confirmed by examination of selected groups picked according to military qualifications before the tests were made.

Maude: How does Jack act since you became engaged to him?
Mable: Oh, he's holding up very nicely!—Cartoons Magazine.

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. Hunsay, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

FRANK CURRY, Manager

CHANDLER SIX

\$1785

Down to the 1913 Price

1913 Five Passenger
\$1785

1921 Seven Passenger
\$1785

Highest Quality at a Price Unequalled

Monday, June 13, new low Chandler prices are effective. This new Chandler price puts the Chandler car right out in front. \$1785 for a five-passenger touring car was the price of the Chandler of eight years ago. The big, handsome, powerful Chandler of today, constantly developed, enlarged and refined as the years passed, would have sold in that earlier day for twice its present price.

Our action in restoring that 1913 price for today's Chandler, is convincing evidence of the constancy of the Chandler Company's long established policy of high quality at low price. The Chandler price has never at any time been advanced because of over-sold trade.

Chandler Offers So Much More For So Much Less

Other cars of many kinds and many motors have come and gone while the Chandler Six lives and grows. There is only one Chandler Six. There is no other car like it.

No other car, within hundreds of dollars of the Chandler price, has the features characteristic of the highest type of design and construction for which the Chandler Six is justly famous.

The buyer of a new car will find an extraordinary degree of satisfaction in the Chandler.

Chandler offers all the power and speed and comfort and dependability of service that the discriminating buyer desires, and it provides these qualities in full measure at a price unequalled.

The Men Who Launched the Chandler, Build It Today

Standing back of, and responsible for, the Chandler car is a substantial organization. At the head of this organization today are the same men who conceived the Chandler Six and created it and have spent these eight years in multiplying its friendships.

Schools Grow From Nothing to Sixty in Short Interval

Something of the remarkable growth of Pontotoc county's public school system was traced today in a statement given out by A. Floyd, county superintendent, showing the increase in less than 220 years of public schools in the county from none to almost 60 schools.

During this time, also, the value of public school property in the county has increased by bounds. A comparative statement showing the relation between the growth of population and the increase in public schools is being compiled by the county superintendent's office and will be ready for announcement soon.

Only two public schools were operated in Pontotoc county before statehood, according to Mr. Floyd. The first public school in the county was established in Ada in about 1901 and the second at Roff in 1905. Now there are 59 school districts in this county alone and five of these, Ada, Roff, Stonewall, Francis and Allen, are independent schools offering a four year high school course. Ada is independent also because it is a city of the first class.

The consolidated schools are in operation in the county. These include what formerly consisted of nine school districts. Before the consolidation, the county had 65 school districts.

Applications for Enlistment in Army Camps Are Numerous

More than twenty applications have been received by Sam Schenberger, who was appointed to look after the enlistments of Ada men for the citizens training camp. Men between the ages of 18 and 36 will be accepted as long as there are any vacancies at any of the camps.

Most of the applicants asked to go to the Colorado camp instead of Camp Travis, but were at a loss to know whether it could be arranged.

A man will be permitted to go to any camp in the United States if he pays the difference in the fare from here to Camp Travis as compared with the fare to the place desired. No pay will be given and those who enlist will be required to remain in camp one month.

A car fare of 5 cents a mile for a round trip ticket will be charged, the candidate being required to pay his own way. The government will make good all expenses. Food, clothing, training and recreation will be furnished. Only men of good moral character will be accepted.

Navy Bill in Lock

(By the Associated Press)
WASHINGTON, June 16.—The dispute between the houses and the senate on the naval appropriation bill for \$49,000,000 ended in a deadlock. The Borah disarmament conference amendment was taken back to the house for action.

MUSIC IS ESSENTIAL TO LIFE IS THEORY

(By the Associated Press)

SALT LAKE CITY, Utah, June 16.—Music has become a force and not an adjunct in the life of every American citizen, Anna Faulkner, Chicago, national music chairman of the General Federation of Woman's Clubs, declared in an address here today at the federation's Great Salt Lake Council.

"We Americans have had the wrong attitude regarding music for so long that it is difficult for us to grasp quickly the full realization of its power," she said. "As a nation we have treated music as a thing apart from, instead of a part of, our daily life. It is not so many years ago that the average American business man was all put ashamed to acknowledge a love for music."

"Now a change has come. If we review the pages of musical history we will find that the greatest growth in music always follows some great war. The pre-war status of music in America will never return."

Mrs. Oberndorfer urged daily music hours in the homes during which the folk songs of America will be sung. Music memory contests should be started in every community by women's clubs, she declared.

The speaker declared many large industries, which started community sings for employees during war times, were forced to forbid the singing of "jazz" music in their factories.

"Jazz music," she said "in its original form was as accompaniment to the Voodoo ceremonies by which the uneducated and almost barbaric aroused all his vilest and most sensuous nature."

Plays Dumb Paralytic

A characterization unique in the history of both stage and screen is the role of a dumb paralytic, enacted by Marc MacDermott during the last act of "While New York Sleeps," a vivid screen melodrama booked for the American Theater today. This picture is a Fox Special and is regarded by many critics as the most sensational of its kind ever made. Owing to the nature of his role in the episode referred to, Mr. MacDermott is compelled to carry on his own part of the conversation and to register the many emotions his part requires solely through the medium of his eyes.

Word was received in Ada this afternoon of the death at Fort Sill this morning of Lenore House, son of W. B. House of this city. Lenore House was a private in Company E, 2nd Oklahoma Infantry, and had been in camp only three weeks. Funeral arrangements have not been announced.

Dr. Sam A. McKee; phones: residence 1076; office 1107. 6-6-11.

Inert Man Restored to All Life Powers in Denver Hospital

(By the Associated Press)

DENVER, Colo., June 16.—Deaf, dumb, blind and paralyzed in every limb, so helpless that it was necessary to feed him by means of a tube through his nostrils, unable to feel, smell, or taste or even to think, to all intents and purposes unconscious, Luther Dionne was carried into the county hospital here nearly eight years ago. Today he can hear, see, smell, taste, feel and in a limited fashion he can talk. His right side remains partially paralyzed.

Never was a man nearer to being dead though alive than Luther Dionne eight years ago, say the doctors at the hospital.

Dionne's brain was operated on. Then, literally he began to be born again. Slowly the powers of life were redeveloped. Came the day when he could move one finger, then a whole hand, and, after weeks he stirred his head upon its pillow. One day, he spoke.

As yet Dionne's speech is confined to a whispered "yes" or "no," but he can make himself understood. On a map he can point out the town of his birth, and with a pencil he can print, laboriously, the name of the village.

Removed to Hospital

Margaret Parker, the nine year old daughter of Mr. and Mrs. A. W. Parker, 129 West 16th Street, was taken to Oklahoma City the first of the week for medical service at the Wesley Hospital.

HOLD CONFERENCES ON RURAL TRAINING HERE

On invitations from President J. P. Battenburg, Northwestern State Normal School, Alva, Oklahoma, President A. Linscheid, East Central State Normal School, Ada, Oklahoma; and President H. G. Bennett, Southeastern State Normal School, Durant, Oklahoma; seconded by Governor J. B. A. Robertson and Honorable R. H. Wilson, state superintendent of public instruction of Oklahoma, the United States Bureau of Education in co-operation with these officials, will conduct citizens' conferences on rural education and country life at their institutions.

These will be held at Ada, June 22 to 24, at Alva, June 19 to 21, and at Durant, June 25 to 27, for the purpose of considering from the standpoint of statesmanship and the public welfare the present conditions and needs of education in the United States, especially as concerns Oklahoma and the neighboring states, and the means of meeting these needs. Particular attention will be given to the means of fostering among the people at large and their representatives in

legislative bodies and elsewhere such intelligent interest as will "result in a more generous support and wiser control of schools and other agencies of education."

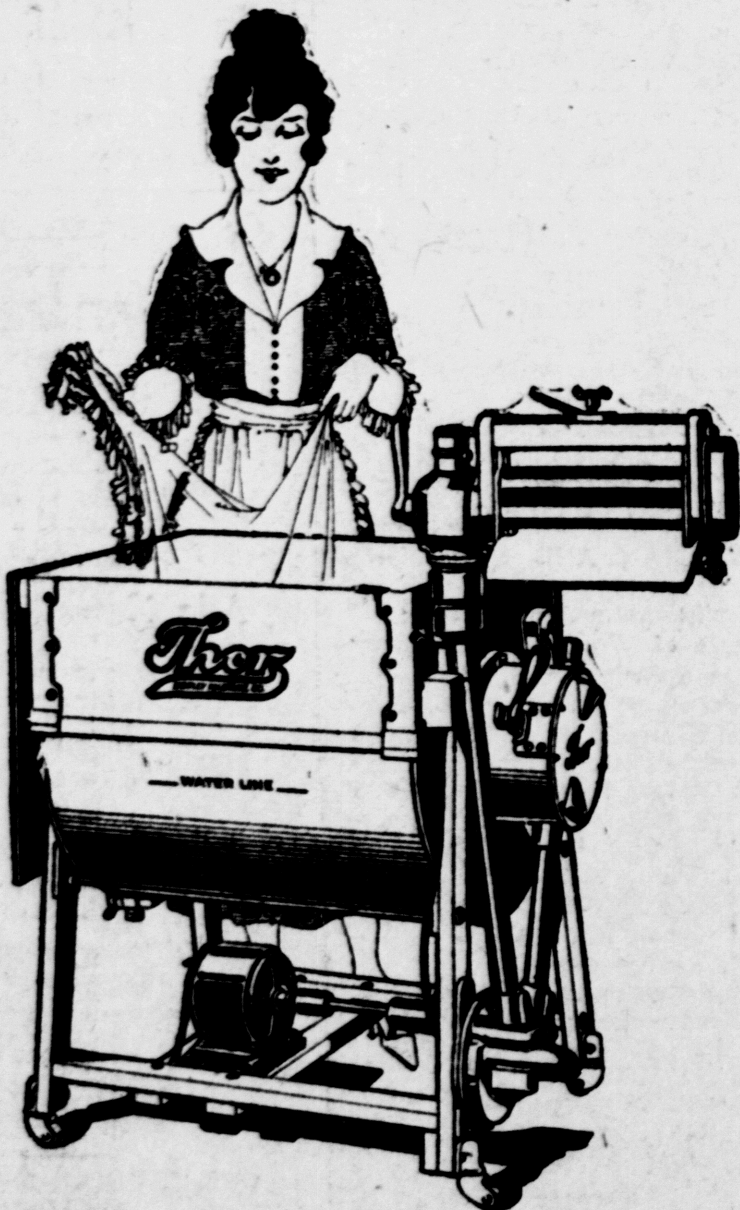

"These are to be conferences not primarily of professional educators but rather of citizens, men and women of affairs who own the schools, pay for them, use them and who alone can make possible any important improvements in them. It is very important, however, that the chief school officers of state, county, town and city should be present and ready to take part in the general discussions of the conferences, particularly in the phases of education in which they are most directly interested. The citizens of Oklahoma, will of course, attend the conference most convenient for them," advance information says.

The programs at these conferences will be a study of the problems in rural education and country life. Men and women of state, interstate and national reputation, because of the worth-while things they have done for the improvement of country schools and country life, will be present to expound their constructive policies.

FOUR INDIAN CHIEFS TO HAVE MONUMENTS

(By the Associated Press.)
TULSA, June 16.—Four great men of the Five Civilized Tribes are to have monuments erected to their memory by their tribesmen in order that the races for all time to come may be permitted to look on their countenances.

The memorial is to be in the form of a group monument erected in the northern part of the city of Tulsa, where the boundary lines of the Osage, Creek and Cherokee nations meet. The monument will bear the images of Pawhuska, or White Hair, prominent Osage chieftain; Pushmataha, famous Choctaw chief representing the Choctaw and Chickasaw tribes; Sequoyah, inventor of the Cherokee alphabet, and Chilli McIntosh, Creek leader and a colonel in the Confederate army.

Each chief will have his face turned toward his own country. The monument itself is designed to symbolize the uniting of the tribes into the Five Civilized Tribes.

A campaign has been launched among the Indians of these tribes to raise \$50,000 to be used in erecting the monument. The figures are to be of bronze, erected on a granite base. The monument will stand on a knoll overlooking Tulsa, the Arkansas river and the surrounding country.

The Oklahoma Association for the Preservation of the Five Civilized Tribes, which was organized recently in Tahlequah, has undertaken this enterprise. Only Indians are to be solicited for funds. W. T. (Tate) Brady of Tulsa is chairman of the committee, J. G. Sanders of Tulsa is secretary, and J. E. Campbell of Nowata, treasurer.

HUGHES OPENS DISCUSSION ON JAPANESE CONTROVERSY

(By the Associated Press.)
WASHINGTON, June 16.—The integral problems of the several questions pending between the United States and Japan have opened direct negotiations to effect a settlement on the broad questions considered in the negotiations, which are conducted between Secretary Hughes and the Japanese ambassador, including the island of Yap, the immigration and alien land question and the return of Shantung to China by Japan.

FIGHT TO RETURN PEGGY FOR TRIAL

Attorney for James Joyce Wants Woman Brought to Chicago Soon.

(By the Associated Press.)

CHICAGO, June 16.—Resumption of the fight to bring Peggy Hopkins Joyce back to Chicago was opened today when Albert Austrian, attorney for James Stanley Joyce in his suit for divorce, continued the argument here today.

"I want her brought to Chicago for this hearing so that you can judge for yourself, by having her in the courtroom and on the witness stand, if she is a woman whom you can believe," the attorney told the court yesterday.

"She has evaded in person and in report how she has disposed of the fortune of jewelry and the \$85,000 she had in November," he continued.

Attorney Austrian is expected to make the next step in the form of a motion at the close of the argument today after which William Kline of New York, Peggy's attorney, will deliver the rebuttal.

Meanwhile the tax department of the federal government, taking its cue from the statement of Joyce's attorney that Peggy's monthly income is \$2,800 has begun an investigation to find if this is true, and if so, whether she has paid her income tax.

The internal revenue department has also started an investigation of the reported quantity of jewels she was said to have imported from Paris to determine if the duty had been paid.

NOTED EDUCATORS TO BE AT MEETING HERE

Many noted rural education instructors will attend the national rural education rally to be held at the normal Thursday, Friday and Saturday of next week. Effort will be made to have all the county superintendents of this district present with as many of their rural teachers as possible.

Some of the people who will be here at this meeting are S. D. Borden, state supervisor of rural schools of Texas; Mrs. F. C. Beverley, principal of the Farm Life School at Whitwell, Va.; A. A. Fredrick, director of rural education of Louisiana; Mrs. Cleanton Weaver, director of rural education in Georgia; Miss Edith Laproth, specialist in rural education for the department of interior; Miss Grace Truax, director of music, Sioux Falls, S. D.; Prof. J. C. Muirman, specialist in rural education for the Department of Interior; State Superintendent J. B. Brown of Nashville, Tenn.; Pres. J. A. Simpson of the Oklahoma Farmers Union; Hon. R. H. Wilson, state superintendent of schools, and the entire state vocational board for Oklahoma.

STILLMAN TESTIMONY CENTERING ON GUIDE

(By the Associated Press.)
POUGHKEEPSIE, N. Y., June 16.—Controversy of James A. Stillman in divorce proceedings centered today upon testimony on the relations of Mrs. Stillman with Fred Beauvais, the part Indian guide named by the banker as co-respondent.

Shortly after noon the banker surprised Mrs. Stillman and her attorneys by producing four witnesses who are said to have been brought from Canada, three of them women, presumably to tell of the relations between the defendant and Beauvais at the Stillman camp near Three Rivers, Quebec. They are expected to go on the stand later today.

When the morning session opened Bernard Kelly, former superintendent of the Stillman estate in the Pocantico hills, and his wife, Irene Kelly, were taken into the building where the hearing is being held. Kelly had previously testified concerning the reading of a letter alleged to have been written to Mrs. Stillman by Beauvais.

PROPOSES NEW LANDING FIELD HERE FOR PLANES

The necessity of making an air-plane landing field at Ada was stressed in letters this week to Orel Busby of this city from fliers who often have occasion to make landings near Ada and now find themselves without a suitable place to do so.

"All the pilots at the field have decided there is no good landing field near Ada so I did not wish to take a chance on wrecking the ship," one aviator wrote from Okmulgee after a long ride to Hutchinson, Kansas, last Saturday.

"I believe the town should provide such a place if there is no good landing at this time," Busby said. "I do not know about the facts but I am informed that Mr. Barringer objects to ships landing on what was known as the 'Barringer Field.'"

Funeral Service Held.
The little son of Mr. and Mrs. A. J. Stapleton died at the family home this morning after a short illness. Funeral services and burial took place this afternoon at Rose-dale cemetery.

GRADY COUNTY LEADER IN EIGHTH GRADE GRADS

(By the Associated Press)

OKLAHOMA CITY, June 16.—Grady county leads all others in number of eighth grade graduates granted diplomas during the first half of June, according to reports filed with R. H. Wilson, state superintendent to public instruction. The number of pupils finishing common school course in Grady county was 407. Caddo county is second with 255 while Lincoln county is third with 221.

Other counties reported eighth grade graduates as follows: Adair, 65; Blaine, 90; Beckham, 180; Beaver, 111; Craig, 64; Choctaw, 81; Cotton, 93; Comanche, 183; Garvin, 185; Haskell, 33; Logan, 163; Love, 97; Muskogee, 113; Murray, 93; Mayes, 63; McCurtain,

145; Nowata, 31; Okmulgee, 208; Seminole, 105; Sequoyah, 112; Roger Mills, 204; Tulsa, 160; and Waggoner, 98.

Big Attendance Out

A large attendance was recorded at the prayer meeting at the First Baptist church last night, according to Rev. C. C. Morris, pastor. "We are very anxious to have a large number present at the services tonight at 8 o'clock and Friday night at the same time," Rev. Morris said. "Prayer meetings are being held in the interest of the revival meeting which will begin next Sunday, June 19."

Charged With Coat Theft.

Sellus Ray, who gave his home as Tennessee, was arrested yesterday by County Sheriff Bob Duncan

and placed in jail on a charge of stealing an overcoat belonging to Sam Due. Ray, it is alleged, took the coat and had it wrapped and in the postoffice building in the act of sending it back to Tennessee when he was arrested.

L. M. Conley, of six miles east of Ada, was arrested by county officers yesterday and placed in jail on a charge of embezzlement. Nelson Clark, who was arrested two miles west of the city on a charge of selling intoxicating liquors, made \$500 bond.
